Archive Digital Books special collections

large collections of the data on fully searchable USBs

Archive Digital Books Australasia has been scanning old and rare publications since 2003 - over 2 million pages with an estimated 150 million names. These have been published on CD and include some major series:

- Police gazettes
- Government gazettes
- Directories
- Electoral rolls
- Society journals
- War records
- Biographical registers
- Local histories
- Miscellaneous publications

USB collections are on average discounted 83% on purchasing the same products separately.

We now offer the entire range in 52 major special collections at a fraction of the price of buying the included publications separately. Each collection has Fastfind searching enabling the entire collection to be searched with a single search.

These collections come on a convenient high capacity USB flash drive.
